

The word "SKILLSVILLE" is written in a bold, blocky, sans-serif font. The letters are white with a thick blue outline. The entire word is set against a light blue background that has a slight gradient and a subtle shadow effect, making it look like a sticker or a sign. The logo is centered within a white rectangular area.

for Families

Organize

Welcome to the Skillsville Family Program!

While you enjoy your meal,

- **Introduce yourself to families nearby**
- **Take turns asking each other questions using the Conversation Card provided**

ORGANIZE CONVERSATION CARD

Take turns asking these questions to the people around you.
Mark off the box for every question you get answered.

Do you see any patterns in this room? What are they?	What is something you did today where you needed to follow a plan with many steps?	Pick a color: Can you count how many things in this room you see that are that color?
What is something you would like to do, or a goal? How will you meet that goal?	What are some things a farmer might need to plan to do their work?	What do you think "organize" means?

Have this slide posted as families are entering. You may need to prompt them to use the conversation card.

Presentation starting soon

Have this slide posted when you have about five minutes left of dinner before your presentation starts

Welcome Back!

REMEMBER SESSION HANDOUT

WHAT WE LEARNED TODAY

The Remember Success Skill means "Hold new information in your mind to use when you need it."

We also learned the Skillsville Strategy Listening.

USE THE REMEMBER SUCCESS SKILL AT HOME

Cut out the cards on the bottom of this page to play a game with a partner. Have one person set down three cards in any order and say the names of the characters on the cards out loud, then take them away. The other partner will remember the reverse order of the cards. For example, if the cards are "Cora - Dev - Rae" the other partner would say "Rae - Dev - Cora." Add more cards each time you play.

USE THE LISTENING STRATEGY AT HOME

Together, close your eyes and listen to all the sounds around you for one minute. After the minute is up, tell each other what you heard.

Suggested script: Last week we learned about the Remember Success Skill. You were given a handout with some ideas to practice the Remember Success Skill and Listening Strategy. Did you try this at home? How did it go?

Organize

- Organize is a Success Skill
- It means “Keep track of different information and belongings and put them in an order that makes sense to you.”

Photo Credit: Pixels

Photo Credit: Pixels

Photo Credit: Pixabay

Suggested script: Today's Success Skill is ORGANIZE. ORGANIZE means to keep track of different information and belongings and put them in an order that makes sense to you. When we make a plan, put things in order from most to least important, or sort things in different groups, we use the ORGANIZE success skill.

Organize

Keep track of different information and belongings and put them in an order that makes sense to you

Let's Practice

Suggested script: Imagine you and your family are having a cookout for friends. What are all the things that need to happen before the event? What's the best order to put these steps in?

Take a few minutes to have families share with one another, then ask for people to share their ideas out loud.

Organize

"Keep track of different information and belongings and put them in an order that makes sense to you."

Face the left and right palms towards each other and sweep from left to right.

Suggested script: In our Family Program, we like to incorporate American Sign Language when we say a Success Skill. Let's learn the sign for Organize together. First, put your left and right palms towards each other and sweep them from left to right.

Try the sign together as a whole group 2-3 times.

Suggested script: Today we'll be watching an early version of our show episode "Crop Farmer." When our television show is being developed, an episode goes through many different versions before you watch the finished product. This is one of the first versions where we test out a story with art from our television show.

Remember to have the platform open in another window, ready to play the Crop Farmer episode. You can find this in the Skillsville Platform in the Organize Bundle.

Organize

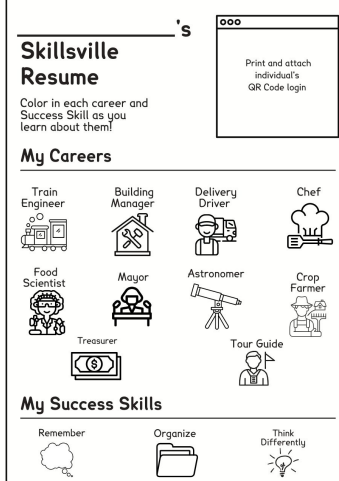

- What **problems** did Dev solve?
- Why do Farmers need to get **organized** and **make a plan**?
- What **strategy** does Dev use to help him get **organized**?

Ask families the questions, encouraging families to ask and answer with one another first then asking for examples to share out.

Organize

- Find your **Resume Builder**
- What **career** did you learn about in today's episode?

The form is titled 'Skillsville Resume' and includes a space for a name followed by 's'. It has a QR code area with the text 'Print and attach individual's QR Code login'. Below this is a section 'My Careers' with a grid of 10 icons representing different professions: Train Engineer, Building Manager, Delivery Driver, Chef, Food Scientist, Mayor, Astronomer, Crop Farmer, Treasurer, and Tour Guide. At the bottom is a section 'My Success Skills' with three icons: Remember (a brain), Organize (a folder), and Think Differently (a lightbulb).

Food Scientist	Mayor	Astronomer	Crop Farmer
Treasurer		Tour Guide	

My Success Skills

Remember	Organize	Think Differently
----------	----------	-------------------

Suggested script: Take out your Resume Builder and find the career we learned about in today's episode. *Ask children to share the answer.* You've gained experience by learning about Crop Farmers. Now you can color Crop Farmer in.

Suggested script: Before we use a success skill in Skillsvilles, we like to prepare our brains with a strategy. Let's learn about a new strategy we can use to help us get our brain ready to use a new success skill.

Suggested script: In our video, one of the things they counted was the number of green things in the room that they were in. Let's take a minute to see how many GREEN things you can find in this room. Tell the people you came with how many green things you spotted. *Take a minute or so to let families count and share how many green things they found.*

Suggested script: What is something else we can try to count? *Offer children and families an opportunity to choose something they could count.*

Suggested script: You have great ideas! Counting is a strategy we can use when we are at home, at school or on the go. It is a great way to get our brains calm and ready to do hard work.

Suggested script: Now that we've used our Listening Strategy, we're going to play a game about becoming a treasurer - where we'll need to ORGANIZE to do well in the game! Let's watch a short video to see how to play this game.

Activity 1 - Fit the Budget

Pretend you are a TREASURER and use the ORGANIZE skill to fit sports equipment in to a team's budget.

- In groups of 2, fit five different equipment pieces into the spaces on your budget.
- The second time you play, try to fit five equipment pieces without using the purple squares on the bottom of the budget
- You can rotate the pieces or trade with the other player - just make sure you have equipment with all 5 colors in your budget.

Suggested script: Now that we've practiced our Counting strategy, we're going to play a game about being a treasurer - where we'll need to ORGANIZE to do well in the game! Treasurers are scientists who study stars, planets, and objects in space. They use special tools, like telescopes, to observe space. Astron

Organize

- Find your **Resume Builder**
- What **career** did you learn about in today's paper game?

Food Scientist 	Mayor 	Astronomer 	Crop Farmer 
Treasurer 	Tour Guide 		

My Success Skills

Remember 	Organize 	Think Differently 
---	---	--

Suggested script: Take out your Resume Builder and find the career we learned about in our paper game. *Ask children to share the answer.* You've gained experience by learning about Treasurers. Now you can color Treasurer in.

Activity 2 - Plan, Pack, Go

In this game, you are a DELIVERY DRIVER. Your job is to ORGANIZE, make choices for your town.

- As you play, use your finger to draw a route, or direction, for the delivery truck to go.
- Deliver the package to its destination.
- Try different routes and see how it changes how quickly you can deliver the package.
- What badges can you earn?

To Play:

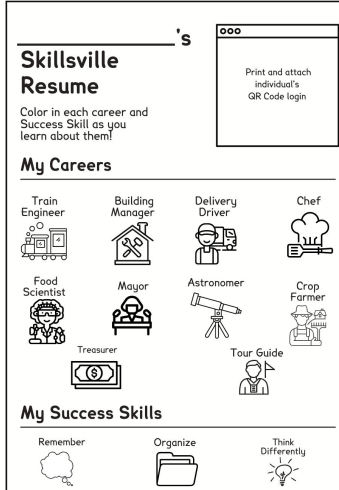

- Plug in your headphones and login using your QR code
- Find the Plan, Pack, Go game to begin

First, read the directions on the slide to set the intention for the game. Then once you've explained how to play, pass out tablets.

Organize

- Find your **Resume Builder**
- What **career** did you learn about in digital game?

The image shows a 'Skillsville Resume' form. At the top, it says '_____'s Skillsville Resume'. Below this, it says 'Color in each career and Success Skill as you learn about them!'. There is a box on the right that says 'Print and attach individual's QR Code login'. The form is divided into two main sections: 'My Careers' and 'My Success Skills'. 'My Careers' lists ten careers with corresponding icons: Train Engineer (train), Building Manager (house with hammer), Delivery Driver (truck), Chef (chef's hat), Food Scientist (microscope), Mayor (city hall), Astronomer (telescope), Crop Farmer (tractor), Treasurer (money bag), and Tour Guide (tourist). 'My Success Skills' lists three skills with corresponding icons: Remember (cloud with thought bubble), Organize (folder), and Think Differently (lightbulb).

Suggested script: Take out your Resume Builder and find the career we learned about in our digital game. *Ask children to share the answer.* You've gained experience by learning about Delivery Drivers. Now you can color Delivery Driver in.

Recap

- Today's **Success Skill** was...
- The **Strategy** we learned was...
- Some of the **careers** we learned about today were...

Suggested script: Ask families to use the sentence frames to answer the questions about what they learned about in today's session

Skillsville To-Go

**ORGANIZE
SESSION HANDOUT**

WHAT WE LEARNED TODAY
The Organize Success Skill means "Keep track of different information and belongings and put them in an order that makes sense to you."
We also learned the Skillsville Strategy Counting.

USE THE ORGANIZE SUCCESS SKILL AT HOME

- ☐ Think about something you'd like to do, or a goal, and plan out the steps you'll need to take to meet your goal.
- ☐ Cook a favorite recipe together. Before you begin, talk about the ingredients and tools you'll need to make your recipe.
- ☐ Play the paper game Fit the Budget.

USE THE COUNTING STRATEGY AT HOME

- ☐ Pick a color and try to count all the things in a room that are that color.
- ☐ Choose a shape like a circle, square, or triangle, and count how many times you see that shape in a room.

BUDGET

**EQUIPMENT
PIECES**

Suggested script: "We have some materials for you to take with you to continue practicing the Organize Success Skill and Counting Strategies we learned today. You'll get a Session Handout and an extra copy of Fix the Budget. Thank you so much for participating in the Skillsville Family Program. Your feedback is really important and we thank you for your time. Keep your Resume Builder and feel free to continue to play our activities using the Skillsville Platform."
