Name:	

REMEMBER ACTIVITY CALENDAR

Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7
You finished the Remember session! Great job!	Close your eyes and try to listen to all the sounds around you. What do you hear?	Partner Game: Cut out the cards on the dotted line for the game provided. Partner A sets down three cards of their choosing in a row and says their names out loud, then they take them away. Partner B's job is to remember the reverse order of the cards. Ex: "Max," "Zuzu," "Cruz." would be "Cruz," "Zuzu," "Max." Take turns and see how well you can remember the order.	Take turns with someone in your home. Have one person close their eyes while the other makes a sound with an object. The person with their eyes closed should guess what object made the sound.	Partner Game: Using the cards from Day 3, repeat the game but increase the number of cards each round. Begin with three cards, then move on to more. Can you remember the order when you increase the number of cards each round?	With someone in your home, share a song that makes you calm when you hear it.	Paper Game: Play the paper game, Inspect and Sketch.
