

## WHAT WE LEARNED TODAY

The Think Differently Success Skill means "try new things and find creative ways to solve a problem. Learn from your mistakes and make changes."

The strategy we practiced was **Silly Shakes**.

Some careers we learned about were **Chef**, **Astronomer**, and **Mayor**.

## **USE THE THINK DIFFERENTLY SUCCESS SKILL AT HOME**

Find a family member or friend and practice using the **Think Differently Success Skill** by completing one (or more) of the challenges listed below:

- What are some of the different shapes you can spot in the clouds?
- Do you see Dev's favorite dinosaur, the T-Rex?
- Go outside and share what you find!
- Create a story together.
  - One person begins with a sentence, and the next person tells the next sentence.
  - Go back and forth telling one another a new part of the story until vou finish.
  - How does your story change from what you thought it would be when you started?
- ☐ Switch it up like Camille.
  - Cora's mom made corn fritters with zucchini. Try changing one or more ingredients in a recipe you like.
  - How did you choose what ingredient to use? How does the different ingredient change the flavor?

## **USE THE SILLY SHAKES STRATEGY**

Do you have a problem and need to Think Differently to solve it? Try the Silly Shakes strategy!

- 1. Find space to move with your family or friend.
- 2. Choose a fast-paced song.
- 3. Spread apart so you can move without hurting anyone.
- 4. Play the song and move your body in a silly way during the whole song.
- 5. Look at your problem again and see if you can Think Differently to solve it.
