FEEL
Prep Checklist

BEFORE THE SKILLSVILLE PROGRAMMING DAY

TECHNOLOGY

❑ Sanitize headphones

❑ If this is your first Success Skill session, print new QR codes from the Platform, these will be updated with children's names after they have completed the Avatar Maker.

- ❑ Print Resumes for each child, with a few extra in case more children come.
- ❑ Attach the new QR codes with children's names on to their Resumes. Write children's names on the line provided on the Resumes.

MATERIALS

❑ Print one Feel Session Volunteer Handout per volunteer. Provide prior to the session.

❑ Print materials for "Feeling Faces" from the *Skillsville* Platform

- ❑ One Emoji Mat handout per family
- ❑ One Map per family
- ❑ One set of Feeling Cards, cut, per family

THE DAY OF SKILLSVILLE PROGRAMMING

TECHNOLOGY

❑ Make sure all tablets are charged and connected to WIFI for the session.

❑ In the location where you will be leading Skillsville Family Program, open the Google Slides presentation. Test to make sure it works correctly, and content is not blocked by firewalls.

❑ Make sure you have a projector and speakers to share the family presentation and that they work correctly. Play the "Firefighter" episode and the Stretching Strategy video from the *Skillsville* Platform to make sure you can hear it over speakers.

MATERIALS

❑ For each family, print one Feel Session Agenda. Place these near the entrance.

❑ For each family, print one Feel Conversation Card. Place these where families will be sitting during their meal/snack.

❑ Have children's Resumes gathered and ready to distribute after the episode.

❑ For each family, print one Skillsville To-Go Feel Session handout. Place these near the exit.

❑ Provide markers/crayons/colored pencils for children to use with their Resumes.
